

## YoungDrive Risk Assessment Record

<b>Workplace:</b> Blackland Farm	<b>Activity or Work Area:</b> Activities From 8-10 Years old
----------------------------------	--

Task/ Description	Hazard	Risk	Risk* Groups	Control Measures In place	Control Measures Required	Level of Risk <sup>1</sup>	Level of Risk <sup>2</sup>	Total Score <sup>3</sup>
4x4 Jungle Ride	Fall out of Vehicle	Injury due to fall	A	-Seat belts to be worn -Crash hats to be worn -Only trained instructors to drive -Vehicle restricted to max speed 6mph	-Continuous training to new instructors -Continuous high level of maintenance to vehicles especially seat belts	1	3	3
	Bang arms, legs and head entering vehicle	Bruise/ head injury	A	-All Participants to wear crash hats for entering and exiting the vehicle -Assistance given if required	-Continuous training to new instructors -New crash hats as required	4	2	8
	People hit by vehicle	Persons crushed	D	-Spectators to remain in the safe areas, behind trees stable enough to protect from impact, and designated by the senior instructor -Only trained instructors to drive -Vehicle restricted to max speed 6mph -Groups escorted to safe areas on change over	-Continuous high level of training to new instructors	1	5	5
	Vehicle crashed or rolled	Injury due to impact	A/C	-Seat belts to be worn -Crash hats to be worn -Only trained instructors to drive -Vehicle restricted to max speed 6mph -Strictly only senior instructors to drive	-Continuous training to new instructors	1	3	3
	Un supervised use of equipment	Injury due un supervised use of equipment	D	-Key to be removed from ignition, between every group and vehicles to be locked over night. -Participants briefed not to touch equipment without a YoungDrive instructor telling them to do so	-Continuous training to new instructors	1	5	5
